

The Egyptian Journal Of Hospital Medicine has been published quarterly,since volume 83 ,each volume would contain one or two issues only.

**Open access:**

This is an open-access journal covering all aspects of medicine include clinical trials in different areas of treatment, diagnostic, measurements-focused, observational, prognostic and qualitative studies, as well as systematic reviews, meta-analyses and case reports. Users have the right to read, download, copy, distribute, print, search.

**Publication decisions**

The editors ensure that all submitted manuscripts being considered for publication to undergo double-blind peer-review by at least two reviewers who are expert in the field. The Editor-in-Chief is responsible for deciding which of the manuscripts submitted to the journal will be published, based on the validation of the work in question, its importance to researchers and readers, the reviewers' comments, and such legal requirements as are currently in force regarding libel, copyright infringement and plagiarism. The Editor-in-Chief may confer with other editors or reviewers in making this decision.

**Original Articles:**

Original manuscripts, case reports, review articles are accepted. In addition, articles that have been published in the Journal become the property of the Journal, and permission to republish them must be obtained before hand from the editor.

**The Egyptian Journal of Hospital Medicine (ISSN:1687-2002 ),( EISSN:2090-7125)** has stressed the methodology and scientific fundamentals of organizing, representing and analyzing data, information, and knowledge in biomedicine and health care. Covering publications in the fields of biomedical and health informatics, medical biometry, and epidemiology, the journal publishes original papers, reviews, reports, opinion papers, editorials, and letters to the editor. From time to time, the journal publishes articles on particular focus themes as part of a journal's issue.

The Egyptian Journal of Hospital Medicine welcomes original scientific medical contributions from all parts of Egypt and from all over the World.

This is an open-access journal which means that all content is freely available without charge to the user or his/her institution. Users are allowed to read, download, copy, distribute, print, search, or link to the full texts of the articles, or use them for any other lawful purpose, without asking prior permission from the publisher or the author.

**All articles are an open access article distributed under the terms and conditions of the Creative Commons Attribution (CC BY-SA) license**

This license lets others remix, tweak, and build upon your work even for commercial purposes, as long as they credit you and license their new creations under the identical terms. This license is often compared to “copyleft” free and open-source software

licenses. All new works based on yours will carry the same license, so any derivatives will also allow commercial use.

Papers are accepted for consideration on the understanding that their contents have not been published elsewhere. Each paper must have ethical approval as well as a minimum plagiarism score of 20% which should be validated by iThenticate program.

### **Manuscript preparation:**

Manuscripts should be submitted with a covering letter stating that 1) the paper is not under consideration elsewhere, 2) none of the paper's contents have been previously published and 3) all authors have read and approved the manuscript. The corresponding author (name, address, telephone, fax) should be specified in the covering letter. All editorial communication will be sent to this author.

### **Length of Article:**

Because of printed page limitations, the editors prefer that the article should not exceed 5000 words including, references and legends. Illustrations and tables should be limited to those necessary to highlight key data.

### **Plan of Article Outlay:**

Articles sent for publication must be word-processed with double spacing, with a 3-cm margin on all sides (8 cm at bottom of the title page).

All articles must have within them the following subheadings written in the capital: Introduction, Materials (or Patients) and Methods, Results, Discussion, References. The manuscript should be arranged as follows:

Title page, Abstract, Keywords (3-6), Introduction, Materials and Methods, ethical approval of institution, for studies involving humans: The work must be carried out in accordance with The Code of Ethics of the World Medical Association (**Declaration of Helsinki**). Results, Discussion, Acknowledgments, References, (Tables, Figures and Figure legends **must add to results**).

### **Title Page:**

The title of the article should be as concise as possible and should be in Capitalize each word. This should be followed by the name of authors. Followed by the department(s) or center(s) where the work was performed as well the name and address of the corresponding author should be written. Under the heading "Address for Correspondence", give the full name of the author to whom communications, printers proofs or reprint requests should be sent. Also provide telephone and fax numbers and E-mail address, if possible.

### **Abstract:**

Articles should be preceded by an Abstract which should include a problem statement, argument, findings as well conclusion. The Abstract must be not more than 250 words and should be more comprehensive than a summary that will not be required. If abbreviations are used they should be preceded by the full word(s) when mentioned for the first time; this should be between brackets. e.g. Bile Duct (BD).

**Key Words (3-6) at the end of the abstract are needed.**

### **References:**

The number of references consecutively in the order in which they are first mentioned in the text. References appearing for the first time in tables and figures must be numbered sequences with those cited in the text in where the table or figure is mentioned. References are identified by Arabic numerals, it must be superscript in parentheses.

**The style of references should be as follows:**

**a) For Journal articles: Surname and initials of author(s), year of publication, the name of Journal, volume, numbers of page**

**b) For books: Surname and initials of author(s), year, city, publishing house preceded by Pbl., the page as a specific reference.**

**Table:** Each table should not have duplicate information in the text. Tables should be laid as simple as possible. Each table must have its precise heading and should be listed in numerical order

**Illustrations:** Photographs and radiographs should be on glossy prints, clear and of a good quality

**All figures should be numbered in the text.**

**All Editorial communications should be to Chief editor, Professor Dr. Eman Helal Professor of Physiology, Al-Azhar University, Cairo, Egypt.**

Manuscripts are subjected to editorial modification to bring them into the style of this journal. Each article is sent to two consultants to assess the scientific standard of the journal before considering its acceptance to publication. Only papers which conform with the journal style are accepted for publication. Failure to submit manuscripts in the journal style may lead to unnecessary delay in publication. Also, plagiarism will be done.

**Fees:**

Egyptians: 1400 LE, Others: 190 \$ -in some cases it may be free for some cases after approval of the editorial board.

**Copyright policy**

The journal allows the author(s) to hold the copyright, and to retain publishing rights without any restrictions.

**Double-Blind Peer Review:**

This journal uses a double-blind review, which means that both the reviewer and author identities are concealed from the reviewers, and vice versa, throughout the review process. Each paper is reviewed by two reviewers.

-The journal has guidelines for retracting or correcting articles when needed (contact editor in chief)

- Publishers and editors are always willing to publish corrections, clarifications, retractions and apologies when needed.

- The journal does not charge subscription fees, does not allow advertising

**A journal's has electronic backup and preservation of access to the journal content in <https://egyptianjournal.xyz/>**
